REQUEST FOR PROPOSAL (RFP)

The Alabama Department of Veterans Affairs (ADVA), Office of External Affairs, Outreach and Engagement, is seeking proposals from marketing, advertising and/or public relations individuals and/or agencies to develop a statewide media campaign in Alabama to raise awareness surrounding suicide among Service Members, Veterans and their Families (SMVF) and promote prevention. ADVA intends to engage with state and federal agencies, non-governmental organizations, non-profits, college and university veteran student organizations, and by partnering with Alabama communities in messaging and placement of information.

I. INTRODUCTION

Suicide is a national public health challenge that causes immeasurable pain among individuals, families, and communities across the country. Our SMVF have made insurmountable sacrifices to protect our country and our freedom. Alabama will stand with our SMVFs and commit to doing everything possible to prevent suicide in the SMVF community.

In May 2019, the Legislature of the State of Alabama created the Task Force on Veterans’ Suicide in Alabama (Act Number 2019-144). And in early 2020, Alabama joined the Governor’s Challenge to Prevent Suicide Among SMVF. This is a well-established national program sponsored by the U.S. Department of Veterans Affairs (VA) and the Substance Abuse Mental Health Services Administration (SAMHSA). In 2021, legislation was passed that merged together the Task Force on Veterans’ Suicide and the Governor’s Challenge (Act 2021-90). The SMVF suicide program is now referred to as Alabama’s Challenge. This initiative seeks to provide SMVFs in crisis with emotional support and substantive help, regardless of their financial circumstances.

The ADVA desires to contract with an experienced individual and/or entity to implement a statewide media campaign to raise awareness and promote suicide prevention among SMVF in the state of Alabama.

II. BACKGROUND

Seventeen veterans die by suicide every day in this country. And many of those veterans are from Alabama. With as many as 400,000 veterans living in Alabama, we believe that every possible effort should be undertaken to give back to those who have faithfully served our country.

The national tragedy of suicide is a serious public health concern, and one that is preventable. It affects everyone. Alabama is working hard to end SMVF suicide by engaging a wide range of partners from different sectors. It is our responsibility to take care of the people who have made monumental sacrifices for our freedom.

For this RFP, ADVA has yet to identify a specific budget. However, ADVA does believe that all manifestations of this effort should be produced with high-quality production values.
At the same time, ADVA has considerable in-house resources, particularly in the realm of public relations and event planning. As a result, the successful firm will act as an extension of ADVA, working closely with agency personnel, even on a day-to-day basis.

Because ADVA is breaking new ground with this effort, it’s essential to test strategy, tactics, and messaging on a test market basis before expanding the program statewide. This allows for a period of refinement and assessment.

The Test Market will take place in the four counties of Southeast Alabama that encompass the Dothan and Enterprise areas: Houston, Coffee, Hale, and Geneva Counties. This area has been chosen for three factors: 1) The high population of SMVF, 2) The relatively low media costs and 3) The patriotic, military-supportive environment in this region.

III. TARGET POPULATION

This SMVF suicide prevention campaign embraces a comprehensive effort to reach a variety of audiences:

• Those SMVF facing challenges
• The families and friends of SMVF in crisis
• Those professionals who may encounter a SMVF in crisis, including first responders and other emergency personnel
• Those who may encounter a SMVF in crisis as part of counseling, including mental health professionals, healthcare providers, clergy, human resource officers, and others

Given a diverse set of audiences, this ultimately means a diverse group of messages:

• For veterans and service members in crisis and their loved ones, information to help them receive swift and substantial support based on the unique emotional needs of veterans and service members
• For first responders and other emergency personnel, the tools they need to identify a SMVF in crisis and direct that individual, without delay, to the help needed
• For those who will potentially encounter an SMVF in crisis as part of their professional duties, more in-depth education helps them identify the individual in crisis and understand the full range and depth of available resources.

All facets of the marketing campaign revolve around a single objective – To help a service member, veteran or family member in crisis get through their struggle, putting that person on a path to a more emotionally healthy and hopeful life.
IV. GOALS

Media efforts will support the statewide goals and objectives of the SMVF suicide prevention campaign.

Through implementation of this media campaign, the ADVA is striving to accomplish the following goals:

1. To educate and promote statewide awareness initiatives for suicide prevention among SMVF in Alabama communities
2. Launch an initial marketing and advertising campaign targeted to a region of Alabama
3. Improve suicide prevention capacity, coordination and infrastructure at the state and community levels leading to a 10% reduction in suicides among SMVF by 2024
